Specific details on what the judges are looking for in each category will be emailed prior to the competition in the 'Guide to Judging – Winter Wishes'. **Please note in advance:** Choreography must be original competition choreography that is unique to your team. Routines, or portions of routines, that are recognized from clinics, camps, previous performances by your team or another team, and/or workshops may have points deducted in the choreography category.

REQUIREMENTS/RULES

Every performer must have a signed release form turned in at check-in. All team routines must be at least 1 minute and 30 seconds, and no longer than 3 minutes. Solo routines must be at least 45 seconds, and no longer than 2 minutes and 30 seconds. Music must be submitted **at least one week in advance**, and will be loaded directly to your Dance Comp Genie account. Routines that do not submit music in advance will not be allowed to perform. Music will be available for all routines in the warm up gym, as well as the main performance gym. Music may not be changed or updated on competition day.

Teams may start anywhere on the performance floor. Timing will begin with the music, or with the first movement of an organized entrance. Timing will end with the completion of music. Exits will not be included in the timing of the routine if performed after the completion of music, but should not exceed 15 seconds in length. Upon submission of music, please note anything that we should be aware of such as music cutting out and coming back in, music for exit after applause, etc.

Handheld props are allowed in all divisions. Do not use or throw props on or off of the performance floor that might cause damage. The following items are NOT ALLOWED: liquids, gels, aerosols, glitters, powders, etc. Performance floor must be returned to its original pre-performance condition within 60 seconds.

Shoes must be non-marking. Any shoes that may potentially damage the performance floor will be required to be removed. Tap shoes are not allowed. Performers may wear any form of dance shoe or may go barefoot, although shoes are highly recommended for safety/sanitary reasons.

Unsafe moves: Any fall, drop, or landing where the complete body weight is unsupported (i.e. knee drops, body falls), stunts or partner moves where a performer is incapable of catching themselves or protecting their body from injury, or any tosses or throws of a performer without adequate safety measures/spotters are prohibited. Safety should be the first concern in regards to choreography. While we do not intend to limit choreography, and we cannot possibly list all prohibited movements and lifts, we stress that lifts and choreography should in no way be potentially dangerous to performers. If moves are in question, please send a short video clip to Info@DanceForceXpress.com for clarification. Although these are not requirements, please consider the following in regards to safety; *Are there spotters for a lift? Is there any motion where a head injury could occur? Have those who are lifting or supporting someone been properly trained to avoid strain or injury?* A 5-point penalty will be assessed for any routines not meeting, or exceeding, the time limit, or performing moves that are determined to be unsafe.

"Dance Force Xpress stresses the importance of safety and requires participants to execute only those skills, techniques and practices that will not cause harm or injury to performers, spectators, or the facility."
